

TFG PROPERTY REPORTS

Forseti is Rebranding: Introducing TFG Property Reports!

The Forseti Real Estate Services team is excited to announce that as of **Jan 6, 2020**, the company will be renamed TFG Property Reports (or TFG Reports for short).

There has been no change in ownership, staff, services offered, or structure, and our core purpose remains the same. TFG Reports will continue the Forseti tradition of providing title companies, law firms and title insurance underwriters with fast, accurate and reliable property reports.

Since opening in 2008, property reports have become an increasingly integral part of our business model; and today, we are one of the largest independent property report companies in Florida. Just as the title industry has evolved, so have we and we want our name to reflect our evolution.

Our new web address will be **www.TFGreports.com** and our email addresses will reflect the change as well. If you'd like a sneak peek at our new image, head on over to our website now.

We look forward to continually serving you and hope you are as excited about the future as we are at TFG Property Reports.

Same People. Same Purpose. Same Passion. - Different Name.
